Provider Directory  
HMO Plans  
(Value Basic, Value Rx, Value Rx Enhanced, Value Rx Select and  
Value Rx Premier)**

This directory provides a list of Senior Care Plus network providers.

This directory is for Senior Care Plus members that reside in Washoe County, Nevada

This directory is current as of January 1, 2011. Some network providers may have been added or removed from the list after this directory was printed. We do not guarantee that each provider is still accepting new members. To get the most up-to-date information about Senior Care Plus network plan providers in your area, you can visit [www.SeniorCarePlus.com](http://www.SeniorCarePlus.com) or call our Customer Service Department at 775-982-3112 or 800-336-0123, Monday through Sunday, 8 a.m. to 8 p.m. Pacific Time through March 1, 2011. Beginning March 2, 2011, Customer Services will resume their regular hours: Monday through Friday, 8 a.m. to 8 p.m. Pacific Time. TTY users should call 775-982-3240.

## Section 1 – Introduction

This directory provides a list of Senior Care Plus network providers. To get detailed information about your health care coverage, please see your Evidence of Coverage.

You will have to choose one of our network plan providers listed in this directory to be your Primary Care Physicians (PCP). The term “PCP” will be used throughout this directory. Generally, you must get your health care coverage from your PCP. You don’t need a referral from your PCP to see a network specialist on our plan for a routine office visit.

The “network providers” listed in this directory have agreed to provide you with your health care/vision/dental coverage. You may go to any of our network plan providers listed in this directory; however, some services may require prior-authorization and/or a referral. If you have been going to one network plan provider, you are not required to continue going to that same plan provider. In some cases, you may get covered services from non-network providers.

### **What If You Use Non-Plan Providers To Get Covered Services?**

**“Non-plan providers” are providers that are not part of Senior Care Plus.** If you use non-plan providers, you may have to pay more. Care or services received from non-plan providers will not be covered, except for ambulance services, emergency care, including post-stabilization care, urgently needed care, renal dialysis (kidney), and any services which were ordered covered through an appeals process.

Emergency care can always be obtained in or out of the service area from the nearest available provider. When in the service area you must use plan providers for urgent care. When out of the service area urgent care may be obtained from the first available provider. In addition, when out of the service area you can obtain dialysis treatment from any qualified dialysis provider. If you obtain routine care from out-of-network providers neither Medicare nor Senior Care Plus will be responsible for the costs.

### **What Should You Do If You Have Bills From Non-Plan Providers That You Think Should Be Paid By Senior Care Plus?**

We cover certain health care services that you get from non-plan providers. These include care for a medical emergency, urgently needed care, renal dialysis (kidney) that you get when you are outside the plan’s service area, care that has been approved in advance by Senior Care Plus, and any services which were ordered covered through an appeals process. If a non-plan provider asks you to pay for covered services you get in these situations, please submit the bill to Senior Care Plus for processing. You do not have to pay the bill until we review it and determine what part of the bill you are responsible for, if any. Please send bills to: Senior Care Plus, 830 Harvard Way, Reno, NV 89502.

You should never pay any non-plan provider more than what the provider is allowed by Medicare. The provider has a right to get his/her fees, but does not have a right to get them from you. Ask the non-plan provider to bill us first. If you have already paid for the covered services, we will reimburse you for our share of the cost, if you get a bill for the services, you can send the bill to us for payment. We will pay your non-plan provider for our share of the bill and will let you know what, if anything, you must pay.

---

## **Getting Care When Traveling or Away From the Plan's Service Area**

If you need care when you are outside the service area, your health care coverage is limited. The only services we cover when you are outside our service area are care for a medical emergency, including post-stabilization care, urgently needed care, renal dialysis (kidney), and care that Senior Care Plus or a plan provider has approved in advance. For more information about medical emergency and urgently needed care, see *Getting Care If You Have a Medical Emergency or an Urgent Need for Care*. If you have questions whether a service is covered when you travel, please call Customer Service at 775-982-3112 or 800-336-0123.

### **Can The List Of Plan Providers Change?**

Yes, Senior Care Plus may add or remove plan providers from our provider directory. To get current information about Senior Care Plus plan providers in your area, visit [www.SeniorCarePlus.com](http://www.SeniorCarePlus.com) or call our Customer Service Department at 775-982-3112 or 800-336-0123, Monday through Sunday, 8 a.m. to 8 p.m. Pacific Time November 15<sup>th</sup> through March 1, 2011. Beginning March 2, 2011, Customer Service will resume their regular hours: Monday through Friday, 8 a.m. to 8 p.m. Pacific Time. TTY users call 775-982-3240.

### **Your Rights to Access and Participate In Medical Care**

You have the right to get timely access to plan providers and to all services covered by the plan. Timely access means that you can get appointments and services within a reasonable period of time. You have the right to get full information from your providers when you go for medical care. You have the right to participate fully in decisions about your health care. You have the right to refuse care.

## **CHOOSING YOUR PRIMARY CARE PROVIDER (PCP)**

### **What Is A "PCP"?**

When you become a member of Senior Care Plus, you must choose a plan provider to be your PCP. Your PCP is a physician or health care professional who meets state requirements and is trained to give you basic medical care. You will get your routine or basic care from your PCP. Your PCP can also coordinate the rest of the covered services you need. In some cases, you must see your PCP to get a referral before you see any other health care provider. You don't need a referral from your PCP to see a network specialist for routine office visits.

### **How Do You Choose A PCP?**

You select your PCP when you enroll in Senior Care Plus. To select a PCP refer to this Senior Care Plus Provider Directory or access our web site at [www.SeniorCarePlus.com](http://www.SeniorCarePlus.com). You can visit our web site or call Customer Service to find out which providers are accepting new patients (which means their panel is open). The name and office telephone number of your PCP will be printed on your membership card. You can change your PCP at anytime, as explained later in this section.

### **Getting Care from Your PCP**

Generally, you see your PCP first for most of your routine health care needs. There are types of covered services you can get on your own, without seeing your PCP first, like seeing a specialist for routine care, see *Self-Referrals*.

---

Your PCP can also help you arrange or coordinate your covered services. This includes x-rays, laboratory tests, therapies, specialists, hospital admissions, and follow-up care. Your PCP also contacts other plan providers for updates about your care and/or treatment. If you need certain types of covered services or supplies, your PCP must give approval ahead of time. In some cases, your PCP will also need to get prior-authorization (approval in advance). You don't need a referral from your PCP to see a network specialist, for routine office visits. Since your PCP will provide and coordinate your health care, you should have all of your past medical records sent to your new PCP's office. The law requires us to protect your privacy of medical records and personal health information. For more information about privacy, see your Evidence of Coverage.

### **How to Change Your PCP**

You may change your PCP for any reason, at any time. To change your PCP, call Customer Service at 775-982-3112 or 800-336-0123, Monday through Sunday, 8 a.m. to 8 p.m. Pacific Time November 15th through March 1, 2011. Beginning March 2, 2011, Customer Service will resume their regular hours: Monday through Friday, 8 a.m. to 8 p.m. Pacific Time. TTY users call 775-982-3240. When you call, be sure to tell Customer Service if you are seeing specialists or getting other covered services that need your PCP's approval (such as home health services and durable medical equipment). Customer Service will help make sure that you can continue with the specialty care and other services you have been receiving when you change to a new PCP. They will also check that the PCP you wish to switch to is accepting new patients. Customer Service will change your membership record to show the name of your new PCP, and will tell you when the change to your new PCP will take effect. They will also send you a new membership card that shows the name and phone number of your new PCP.

### **What If Your Doctor Or Provider Leaves Senior Care Plus?**

Sometimes a doctor, specialist, clinic, or other plan provider you are using might leave the plan. If this happens, you will have to switch to another provider who is part of Senior Care Plus. If your PCP leaves Senior Care Plus, we will let you know, and help you switch to another PCP so that you can continue getting covered services.

### **What is the service area for Senior Care Plus?**

The county in our service area is: Washoe County, Nevada

### **How do you find Senior Care Plus providers in your area?**

Senior Care Plus is a Medicare Advantage Organization offered by Hometown Health Plan in Washoe County, Nevada. Senior Care Plus provides all of the benefits available under traditional Medicare plus the added benefits and services of a local health plan. When you first join Senior Care Plus, you will choose your Primary Care Physician (PCP) from our Primary Care Physician list. The Value Options (Value Basic, Value Rx, Value Rx Select, Value Rx Enhanced and Value Rx Premier) are HMO plans. Your health care will be coordinated through your PCP, who can be a general or family practitioner, geriatrician or internist. This directory contains a more extensive list of physicians providing specialty services.

If you have questions about Senior Care Plus or require assistance in selecting a PCP, please call our Customer Service Department at 775-982-3112 or 800-336-0123, Monday through Sunday, 8 a.m. to 8 p.m. Pacific Time November 15th through March 1, 2011. Beginning March 2, 2011, Customer Service will resume their regular hours: Monday through Friday, 8 a.m. to 8 p.m. Pacific Time. TTY users call 775-982-3240. Or, visit [www.SeniorCarePlus.com](http://www.SeniorCarePlus.com).

## GETTING CARE FROM SPECIALISTS

When your PCP thinks that you need specialized treatment, he or she will refer you to see a plan specialist. **You don't need a referral from your PCP to see a network specialist, for routine office visits.** A specialist is a doctor who provides health care services for a specific disease or part of the body. Some examples of specialists are oncologists, who treat cancer; cardiologists, who treat heart conditions; and orthopedists, which treat certain bone, joint, or muscle conditions. However, for some types of referrals to plan specialists, your PCP may need to get approval ahead of time from Senior Care Plus. This is called "prior-authorization."

It is important to notify your PCP before you see a plan specialist. However, you don't need to get a referral for certain services, see *Self-Referrals*. If the specialist wants you to come back for follow-up visits, be sure to check that the follow-up services do not require authorization (approval in advance) from Senior Care Plus.

If there are specific specialists you want to use, find out whether your PCP refers patients to these specialists. You can change your PCP at any time if you want to see a plan specialist that your current PCP does not refer to. If you want to change your PCP, see *Choosing Your Primary Care Provider (PCP)*. If there are specific hospitals you wish to use, find out whether the doctors you will be seeing use these hospitals.

## SELF-REFERRALS

There are certain times when you may be able to get certain services without a referral (approval in advance) from your PCP.

You will get most of your routine or basic care from your PCP. Your PCP can also coordinate your covered services. If you receive some services from a doctor, hospital, or other health care provider without getting a referral ahead of time from your PCP, you may have to pay for these services yourself. This also includes if you get these services from a provider in your plan. You don't need a referral from your PCP to see a network specialist, for routine office visits.

In some cases, you can get the services listed below without a referral or approval in advance from your PCP. "Self-referred" means you get services on your own. If you get self-referred services, you still have to pay a copayment. However, if you get a self-referred service from a plan provider, you will only have to pay the in-network copayment. If you go to a non-plan provider for these services, you may have to pay for these services yourself.

The following services may be self-referred:

- You do not need a referral to see a physician on the Plan for routine services.
- Routine women's health care, which includes breast exams, mammograms (x-rays of the breast), pap tests, and pelvic exams, is covered without a referral from your PCP only if you get it from a plan provider.
- Flu shots, influenza and pneumonia vaccinations, and Hepatitis B vaccines (only if you get them from a plan provider) or at a Renown, Hometown Health, or Senior Care Plus event.
- Emergency services, whether you get these services from plan providers or non-plan providers, see *Getting Care If You Have A Medical Emergency Or An Urgent Need For Care*. The emergency services including hospital care after you are stable (known as post-stabilization) are also covered.

- 
- Urgently needed care that you get from non-plan providers when you are temporarily outside the plan's service area. For more information about urgently needed care, see *Getting Care If You Have A Medical Emergency Or An Urgent Need For Care*. For more information about the plan's service area, see *Introduction*.
  - Dialysis (kidney) services that you get when you are temporarily outside the plan's service area. If possible, please let us know before you leave the service area where you are going to be so we can help arrange for you to have maintenance dialysis while outside the service area.

If you have questions about what medical care is covered when you travel, please call Customer Service. See *Getting Care If You Have A Medical Emergency Or An Urgent Need For Care*, for more information about how to fill your outpatient prescriptions when you travel or are away from the plan service area.

## **WHAT IF YOU NEED MEDICAL CARE WHEN YOUR PCP'S OFFICE IS CLOSED?**

### **What to Do If You Have a Medical Emergency or Urgent Need for Care and Your PCP's Office Is Closed**

In an emergency, you can get care immediately. You do not have to contact your PCP or receive prior-authorization in an emergency. You can dial 911 for immediate help by phone, or go directly to the nearest emergency room, hospital, or urgent care center. For more information about emergency or urgent needed care, see *Getting Care If You Have A Medical Emergency Or An Urgent Need For Care*.

### **What to Do If It Is Not a Medical Emergency and Your PCP's Office Is Closed**

If you need to talk with your PCP or get medical care when the PCP office is closed, and it is not a medical emergency, call the Hometown Health Hotline at 775-982-5757 or toll free at 888-324-3243. The Hometown Health Hotline is a 24-hour triage helpline where registered nurses can review your symptoms and offer guidance for medical care. There is always a health professional on call to help you.

For more information about what to do if you have an urgent need for care, see *Getting Care If You Have A Medical Emergency Or An Urgent Need For Care*.

## **GETTING CARE IF YOU HAVE A MEDICAL EMERGENCY OR AN URGENT NEED FOR CARE**

### **What Is A Medical Emergency?**

A situation is a "medical emergency" **if you reasonably believe that your health is in serious danger**. It means that every second counts. Some examples of "medical emergencies" are severe pain, a bad injury, a serious illness, or a medical condition that is getting worse.

### **What Should You Do If You Have A Medical Emergency?**

If you have a medical emergency:

- Get medical help as quickly as possible. Call 911 for help or go directly to the nearest emergency room. **In any emergency, you never need to contact any plan provider, even your own PCP, for either permission ("authorization") or referral (approval in advance).**

- 
- However, as soon as possible, you or someone else should contact Senior Care Plus or your PCP about your emergency. Our telephone number and your PCP's telephone number are on your membership card. Senior Care Plus or your PCP needs to know about your emergency because we will help manage and follow-up on your emergency care. Please try to contact Senior Care Plus or your PCP about your emergency within 48 hours.

## **Senior Care Plus or Your PCP Will Help Manage and Follow-Up On Your Emergency Care**

It is important to know that every emergency has two stages.

When the doctors, or hospital, providing emergency care consider your condition stable, the *first stage* of the medical emergency ends. However, even after your condition is stabilized, you are still considered in an emergency situation and Senior Care Plus must still pay for post-stabilization treatment provided by the hospital (whether or not this hospital is a plan provider or not). This *second stage* of the emergency, after your condition is stabilized is call “post-stabilization.”

Generally, the hospital, or doctors, providing emergency care will try to talk to Senior Care Plus or your PCP. This helps the plan to arrange for plan providers to take over your care as soon as your condition and circumstances get better. Once Senior Care Plus or your PCP takes over your care or agree with the attending hospital on an appropriate course of action (or once you are discharged if you are fully recovered), you are no longer in an emergency or post-stabilization situation.

Although you are past the emergency and post-stabilization, you may still need follow-up care. However, Senior Care Plus is responsible for your follow-up care. Senior Care Plus will only pay for follow-up care after your emergency and post-stabilization if you follow the plan rules. You will need to use plan providers to get authorization, and/or referrals (approval in advance) if necessary.

### **What Is Covered If You Have A Medical Emergency?**

- You can get covered emergency medical care whenever you need it, anywhere in the World.
- Ambulance services are covered in situations where other means of transportation would endanger your health, anywhere in the world.

### **What If It Wasn't Really A Medical Emergency?**

To have your plan pay for your emergency care, you do not have to be certain that it is an emergency. For example, you might go in for emergency care—thinking that your health is in serious danger—but the doctor may disagree and not consider this a medical emergency. If this happens, you are still covered for the diagnostic treatment and care you received to determine what was wrong, provided that you thought your health was in serious danger, as explained in the section “What is a ‘medical emergency’” above. However, please note that:

- If you receive any extra care after the doctor says it was not a medical emergency, your plan will only pay for the extra covered care if you got this care from a plan provider.
- If you receive any extra care from a non-plan provider after the doctor says it was not a medical emergency, your plan must still pay for it as “urgently needed care” even though you got this care “outside your service area.” Please read below how “urgently needed care” is defined.

- 
- However, if you get any extra care from a non-plan provider that is not an emergency or “urgently needed care,” then you must pay for this care yourself. The plan won’t pay for this type of care.

### **What Is “Urgently Needed Care”? (This Is Different From A Medical Emergency.)**

Urgently needed care refers to a non-emergency situation where you are inside the United States, you are temporarily absent from the Plan’s authorized service area, you need medical attention right away for an unforeseen illness, injury, or condition, and it isn’t reasonable given the situation for you to obtain medical care through the Senior Care Plus participating provider network. *Note:* Under unusual and extraordinary circumstances, care may be considered urgently needed when the member is in the service area, but the provider network of the Plan is temporarily unavailable or inaccessible.

### **What Is The Difference Between A “Medical Emergency” And “Urgently Needed Care”?**

The two main differences between urgently needed care and a medical emergency are in the danger to your health and your location. A “medical emergency” occurs when you reasonably believe that your health is in serious danger, whether you are in or outside of the service area. “Urgently needed care” is when you need medical help for an unforeseen illness, injury, or condition, but your health is not in serious danger and you are generally outside of the service area.

### **Getting Care That You Need Urgently When You Are In The Plan’s Service Area**

If you have a sudden illness or injury that is not a medical emergency, and you are in the plan’s service area, please call your PCP at the number on your membership card or Hometown Health Hotline at 775-982-5757 or toll free at 888-324-3243. The Hometown Health Hotline is a 24-hour triage helpline where registered nurses can review your symptoms and offer guidance for medical care. There is always a health professional on call to help you. Keep in mind that if you have an urgent need for care while you are in the plan’s service area, you should get this care from plan providers. In most cases, you will pay more for urgently needed care that you get from a non-plan provider while you are in the plan’s service area.

### **Getting Urgently Needed Care When You Are Outside The Plan’s Service Area**

Senior Care Plus covers urgently needed care that you receive from non-plan providers when you are outside the plan’s service area (but still in the United States). If you need urgent care while you are outside the plan’s service area, you should call your PCP. If you are treated for an urgent care condition while out of the service area, we prefer that you return to the service area to get follow-up care through your PCP. However, we will cover follow-up care that you get from non-plan providers outside the plan’s service area as long as the care you are getting still meets the “urgently needed care” definition.

We also cover dialysis (kidney) services that you get when you are outside the plan’s service area.
