Provider Directory

PPO Plan

(Freedom Rx Premier Plan)

This directory provides a list of Senior Care Plus network providers.

This directory is for Senior Care Plus members that reside in Washoe County, Nevada

This directory is current as of January 1, 2011. Some network providers may have been added or removed from the list after this directory was printed. We do not guarantee that each provider is still accepting new members. To get the most up-to-date information about Senior Care Plus network plan providers in your area, you can visit www.SeniorCarePlus.com or call our Customer Service Department at 775-982-3112 or 800-336-0123, Monday through Sunday, 8 a.m. to 8 p.m. Pacific Time November 15th through March 1, 2011. Beginning March 2, 2011, Customer Services will resume their regular hours: Monday through Friday, 8 a.m. to 8 p.m. Pacific Time. TTY users should call 775-982-3240.

Section 1 – Introduction

This directory provides a list of Senior Care Plus network plan providers. To get detailed information about your health care coverage, please see your Evidence of Coverage.

The “network plan providers” listed in this directory have agreed to provide you with your health care/vision/dental coverage. You may go to any of our network providers listed in this directory however, some services may require prior-authorization and/or a referral. If you have been going to one network plan provider, you are not required to continue going to that same provider. In some cases, you may get covered services from non-network providers. You don’t need a referral from your Primary Care Physician (PCP), to see a specialist for a routine office visit.

What is the service area for Senior Care Plus?

The county in our service area is: Washoe County, Nevada.

How do you find Senior Care Plus providers in your area?

Senior Care Plus is a Medicare Advantage Organization offered by Hometown Health Plan in Washoe County, Nevada. Senior Care Plus provides all of the benefits available under traditional Medicare plus the added benefits and services of a local health plan. When you first join Senior Care Plus, you can choose a Primary Care Physician (PCP) from our Primary Care Physician list. The Freedom Rx Premier is a PPO plan. Your health care, can be coordinated through your PCP, who can be a general or family practitioner, geriatrician or internist – if you so choose. This directory contains a more extensive list of physicians providing specialty services.

You can also visit Senior Care Plus or call our Customer Service Department at 775-982-3112 or 800-336-0123, Monday through Sunday, 8 a.m. to 8 p.m. Pacific Time November 15th through March 1, 2011. Beginning March 2, 2011, Customer Service will resume their regular hours: Monday through Friday, 8 a.m. to 8 p.m. Pacific Time. TTY users call 775-982-3240.

What If You Use Non-Plan Providers To Get Covered Services?

“Non-plan providers” are providers that are not part of Senior Care Plus. If you use non-plan providers, you may have to pay more. If you receive health care service from a plan provider, this is known as an “in-network” service. The plan providers who provide your health care services are called “network” providers. Health care received from a non-plan provider is known as an “out-of-network” service. Medicare requires that we have enough in-network plan providers to give you covered services that are medically necessary.

You may use non-plan providers to get your covered services. Although, your out-of-pocket costs may be higher than if you use our plan providers. For emergency care, including post stabilization care, and urgently needed care, your out-of-pocket costs will be the same both in and out-of-network. For cost sharing information see your Evidence of Coverage.

There are special rules for out-of-network services. Certain services that we offer are not covered out-of-network. Also, you do not need to get a referral or prior authorization when you get out-of-network care from non-plan providers. However, before getting out-of-network service, you may want to check with your plan to see if the services you are getting are covered by your plan and are medically necessary. Although you do not need to get prior authorization for certain out-of-network services,

some plans may offer a lower cost if you choose to get prior authorization. For more information, see your Evidence of Coverage.

What Should You Do If You Have Bills From Non-Plan Providers That You Think Should Be Paid By Senior Care Plus?

If a non-plan provider asks you to pay for covered services, please contact us at: Senior Care Plus, 830 Harvard Way, Reno, NV 89502. You should never pay any provider more than what is allowed by Medicare. The non-plan provider has a right to get his/her fees, but does not have a right to get them from you. Ask the non-plan provider to bill us first. If you have already paid for the covered services, we will reimburse you for our share of the cost. If you get a bill for the services, you can send the bill to us for payment. We will pay your non-plan provider for our share of the bill and will let you know what, if anything, you must pay.

Getting Care When Traveling or Away From the Plan's Service Area

You can get care when you are outside the service area. If you get your care outside the service area from a non-plan provider, you may have to pay more. However, you won't have to pay more for emergency or urgently needed care whether it is provided by plan or non-plan providers. For additional information about medical emergency and urgently needed care, see For More Information. If you have questions about your medical costs when you travel, please call Customer Service at 775-982-3112 or 800-336-0123, Monday through Sunday, 8 a.m. to 8 p.m. Pacific Time November 15th through March 1, 2011. Beginning March 2, 2011, Customer Service will resume their regular hours: Monday through Friday, 8 a.m. to 8 p.m. Pacific Time. TTY users call 775-982-3240.

Can The List Of Plan Providers Change?

Yes, Senior Care Plus may add or remove plan providers from the provider directory. To get current information about Senior Care Plus plan providers in your area, visit www.SeniorCarePlus.com or call our Customer Service Department at 775-982-3112 or 800-336-0123, Monday through Sunday, 8 a.m. to 8 p.m. Pacific Time through March 1, 2011. Beginning March 2, 2011, Customer Service will resume their regular hours: Monday through Friday, 8 a.m. to 8 p.m. Pacific Time. TTY users call 775-982-3240.

Your Rights to Access and Participate In Medical Care

You have the right to get timely access to plan providers and to all services covered by the plan. Timely access means that you can get appointments and services within a reasonable period of time. You have the right to get full information from your providers when you go for medical care. You have the right to participate fully in decisions about your health care. You have the right to refuse care.

CHOOSING YOUR PRIMARY CARE PROVIDER (PCP)

What Is A “PCP”?

When you become a member of Senior Care Plus, you may need to choose a plan provider to be your PCP. Your PCP is a physician or health care professional who meets state requirements and is trained to give you basic medical care. You can get your routine or basic care from your PCP. Your PCP can also coordinate the rest of the covered services you need. In some cases, you may need or want to see your PCP to get a referral before you see any other health care provider. You don't need a referral from your PCP to see a specialist for routine office visit.

How Do You Choose A PCP?

You can select a PCP when you enroll in Senior Care Plus. To select a PCP refer to this Senior Care Plus Provider Directory or access our web site at www.SeniorCarePlus.com. You can visit our web site or call Customer Service to find out which providers are accepting new patients (which means their panel is open). You can change your PCP at anytime, as explained later in this section.

Getting Care from Your PCP

Generally, you see your PCP first for most of your routine health care needs. However, you may need a referral for certain services. If you see a provider outside of the PPO network or a non-plan provider, your costs may be different from what you pay for seeing an in-plan provider.

Your PCP can help arrange or coordinate your covered services. This includes x-rays, laboratory tests, therapies, specialists, hospital admissions, and follow-up care. Your PCP also contacts other plan providers for updates about your care and/or treatments. This means you may need a referral to see a plan specialist. In some cases, your PCP will also need to get prior authorization (approval in advance). You don't need a referral from your PCP to see a specialist, for routine office visits. Since your PCP will provide and coordinate your health care, you should have all of your past medical records sent to your new PCP's office. The law requires us to protect your privacy of your medical records and personal health information. For more information about privacy, see your Evidence of Coverage.

How to Change Your PCP

You may change your PCP for any reason, at any time. To change your PCP, call Customer Service at 775-982-3112 or 800-336-0123, Monday through Sunday, 8 a.m. to 8 p.m. Pacific Time November 15th through March 1, 2011. Beginning March 2, 2011, Customer Service will resume their regular hours: Monday through Friday, 8 a.m. to 8 p.m. Pacific Time. TTY users call 775-982-3240. When you call, be sure to tell Customer Service if you are seeing specialists or getting other covered services that need your PCP's approval (such as home health services and durable medical equipment). Customer Service will help make sure that you can continue with the specialty care and other services you have been receiving when you change to a new PCP. They will also check that the PCP you wish to switch to is accepting new patients. Customer Service will change your membership record to show the name of your new PCP, and will tell you when the change to your new PCP will take effect.

What If Your Doctor Or Provider Leaves Senior Care Plus?

Sometimes a doctor, specialist, clinic, or other plan provider you are using might leave the plan. If this happens, you will need to find another provider if you want to continue paying less.

GETTING CARE FROM SPECIALISTS

When your PCP thinks you need specialized treatment, he or she might refer you to a specialist. **You don't need a referral from your PCP to see a specialist, for routine office visits.** A specialist is a doctor who provides health care services for a specific disease or part of the body. Some examples of specialists are oncologists, who treat cancer; cardiologists, who treat heart conditions; and orthopedists, which treat certain bone, joint, or muscle conditions. However, for some types of referrals to a specialist, your PCP may need to get approval in advance from Senior Care Plus. This is called "prior-authorization." Remember, you can get care from non-plan specialists without a referral or prior-authorization from another doctor. However, if you use our plan specialists, your costs for covered services will be lower than if you use non-plan specialists.

It is important to notify your PCP before you see a plan specialist. However, you don't need to get a referral (approval in advance) for certain services, see *Self-Referrals*. If the specialist wants you to come back for follow-up visits, be sure to check that the follow-up services do not require authorization (approval in advance) from Senior Care Plus.

If there are specific plan specialists you want to use, find out whether your PCP sends patients to these specialists. You can change your PCP at any time if you want to see a plan specialist that your current PCP does not refer you to. If you want to change your PCP, see *Choosing a Primary Care Provider (PCP)*. If there are specific hospitals you want to use, find out whether Senior Care Plus or your PCP uses these hospitals.

SELF-REFERRALS

There are certain times when you may be able to get certain services without a referral (approval in advance) from your PCP.

You will receive most of your routine or basic care from your PCP. Your PCP can also coordinate your covered services. If you get some services from a doctor, hospital, or other health care provider without getting a referral ahead of time from your PCP, you may have to pay for these services yourself. This also includes if you get services from a provider in your plan. You don't need a referral from your PCP to see a network specialist, for routine office visits.

In some cases, you can receive the services listed below without a referral or approval in advance from your PCP. "Self-referred" means you get services on your own. If you receive self-referred services, you still have to pay a copayment. However, if you get a self-referred service from a plan provider, you will only have to pay the in-network copayment. If you go to a non-plan provider for these services, you may have to pay for these services yourself.

The following services may be self-referred:

- You do not need a referral to see a physician on the Plan for routine services.
- Routine women's health care, which includes breast exams, mammograms (x-rays of the breast), pap tests, and pelvic exams, is covered without a referral from your PCP only if you get it from a plan provider.
- Flu shots, influenza and pneumonia vaccinations, and Hepatitis B vaccines (only if you get them from a plan provider) or at a Renown, Hometown Health, or Senior Care Plus event.
- Emergency services, whether you get these services from plan providers or non-plan providers, see *Getting Care If You Have A Medical Emergency Or An Urgent Need For Care*. The emergency services including hospital care after you are stable (known as post-stabilization) are also covered.
- Urgently needed care that you get from non-plan providers when you are temporarily outside the plan's service area. For more information about urgently needed care, see *Getting Care If You Have A Medical Emergency Or An Urgent Need For Care*. For more information about the plan's service area, see *Introduction*.
- Dialysis (kidney) services that you get when you are temporarily outside the plan's service area. If possible, please let us know before you leave the service area where you are going to be so we can help arrange for you to have maintenance dialysis while outside the service area.

If you have questions about what medical care is covered when you travel, please call Customer Service. See *Getting Care If You Have A Medical Emergency Or An Urgent Need For Care*, for more information about how to fill your outpatient prescriptions when you travel or are away from the plan service area.

WHAT IF YOU NEED MEDICAL CARE WHEN YOUR DOCTOR'S OFFICE IS CLOSED?

What to Do If You Have a Medical Emergency or Urgent Need for Care and Your PCP's Office Is Closed

In an emergency, you can get care immediately. You do not have to contact your PCP or get authorization in an emergency. You can dial 911 for immediate help by phone, or go directly to the nearest emergency room, hospital, or urgent care center. For additional information about emergency or urgent needed care, see *For More Information*.

What to Do If It Is Not a Medical Emergency and Your PCP's Office Is Closed

If you need to talk with your doctor or get medical care when the PCP office is closed, and it is not a medical emergency, call the Hometown Health Hotline at 775-982-5757 or toll free at 888-324-3243. The Hometown Health Hotline is a 24-hour triage helpline where registered nurses can review your symptoms and offer guidance for medical care. There is always a health professional on call to help you. For more information about what to do if you have an urgent need for care, see *For More Information*.

GETTING CARE IF YOU HAVE A MEDICAL EMERGENCY OR AN URGENT NEED FOR CARE

What Is A Medical Emergency?

A situation is a “medical emergency” **if you reasonably believe that your health is in serious danger**. It means that every second counts. Some examples of “medical emergencies” are severe pain, a bad injury, a serious illness, or a medical condition that is getting worse.

What Should You Do If You Have A Medical Emergency?

If you have a medical emergency:

- Get medical help as quickly as possible. Call 911 for help or go directly to the nearest emergency room. **In any emergency, you never need to contact any plan provider, even your own PCP, for either permission (“authorization”) or referral (approval in advance).**
- However, as soon as possible, you or someone else should contact Senior Care Plus about your emergency. Our telephone number is on your membership card. Senior Care Plus needs to know about your emergency because we will help manage and follow-up on your emergency care. Please try to contact Senior Care Plus about your emergency within 48 hours.

Senior Care Plus Will Help Manage and Follow-Up On Your Emergency Care

It is important to know that every emergency has two stages.

When the doctors, or hospital, providing emergency care consider your condition stable, the first stage of the medical emergency ends. However, even after your condition is stabilized, you are still considered in an emergency situation and Senior Care Plus must still pay for post-stabilization treatment provided by the hospital (whether or not this hospital is a plan provider or not). This second stage of the emergency, after your condition is stabilized is call “post-stabilization.”

Generally, the hospital, or doctors, providing emergency care will try to talk to Senior Care Plus. This helps the plan to arrange for plan providers to take over your care as soon as your condition and circumstances get better. Once Senior Care Plus or your PCP takes over your care or agree with the attending hospital on an appropriate course of action (or once you are discharged if you are fully recovered), you are no longer in an emergency or post-stabilization situation.

Although you are past the emergency and post-stabilization, you may still need follow-up care. However, your plan is responsible for your follow-up care. Your plan will only pay for follow-up care after your emergency and post-stabilization if you follow the plan rules. You will need to use plan providers to get authorization, and/or referrals (approval in advance) if necessary.

What Is Covered If You Have A Medical Emergency?

- You can get covered emergency medical care whenever you need it, anywhere in the World.
- Ambulance services are covered in situations where other means of transportation would endanger your health, anywhere in the world.

What If It Wasn't Really A Medical Emergency?

To have your plan pay for your emergency care, you do not have to be certain that it is an emergency. For example, you might go in for emergency care—thinking that your health is in serious danger—but the doctor may disagree and not consider this a medical emergency. If this happens, you are still covered for the diagnostic treatment and care you received to determine what was wrong, provided that you thought your health was in serious danger, as explained in the section “What is a ‘medical emergency?’” above. However, please note that:

- If you get any extra care after the doctor says it was not a medical emergency, the amount of the covered extra care that we pay will depend on whether you get the care from plan providers. If you get the care from plan providers, your costs will usually be lower than if you get the care from non-plan providers.

What Is “Urgently Needed Care”? (This Is Different From A Medical Emergency.)

Urgently needed care refers to a non-emergency situation where you are inside the United States, you are temporarily absent from the Plan’s authorized service area, you need medical attention right away for an unforeseen illness, injury, or condition, and it isn’t reasonable given the situation for you to obtain medical care through the Medicare Advantage Plan’s participating provider network. *Note:* Under unusual and extraordinary circumstances, care may be considered urgently needed when the member is in the service area, but the provider network of the Plan is temporarily unavailable or inaccessible.

What Is The Difference Between A “Medical Emergency” And “Urgently Needed Care”?

The two main differences between urgently needed care and a medical emergency are in the danger to your health and your location. A “medical emergency” occurs when you reasonably believe that your health is in serious danger, whether you are in or outside of the service area. “Urgently needed care” is when you need medical help for an unforeseen illness, injury, or condition, but your health is not in serious danger and you are generally outside of the service area.

Getting Care That You Need Urgently When You Are In The Plan’s Service Area

If you have a sudden illness or injury that is not a medical emergency, and you are in the plan’s service area, please call your doctor or Hometown Health Hotline at 775-982-5757 or toll free at 888-324-3243. The Hometown Health Hotline is a 24-hour triage helpline where registered nurses can review your symptoms and offer guidance for medical care. There is always a health professional on call to help you. Keep in mind that if you have an urgent need for care while you are in the plan’s service area, you should get this care from plan providers. In most cases, you will pay more for urgently needed care that you get from a non-plan provider while you are in the plan’s service area.

Getting Urgently Needed Care When You Are Outside The Plan’s Service Area

Senior Care Plus covers urgently needed care that you receive from non-plan providers when you are outside the plan’s service area but still in the United States. If you need urgent care while you are outside the plan’s service area, you should call Senior Care Plus, if possible. If you are treated for an urgent care condition while out of the service area, we prefer that you return to the service area to get follow-up care from plan providers. However, we will cover follow-up care that you get from non-plan providers outside the plan’s service area as long as the care you are getting still meets the “urgently needed care” definition. We also cover dialysis (kidney) services that you get when you are outside the plan’s service area.
