ENHANCED FORMULARY

Foreword

The formulary is a list of covered and preferred drug products for HometownRx members. The drug list includes drugs used to treat common diseases or health problems. A team of doctors and pharmacists (Pharmacy and Therapeutics (P&T) Committee) meets quarterly to decide which drugs should be on the drug list. The P&T Committee reviews new and existing drugs and chooses drugs that work best and are proven to be safe. Consequently, the formulary is updated regularly and subject to change without notice. Ultimately, specific drug product selection for an individual member is dependent on your prescriber.

Benefit coverage and limitations

Certain drug products have been excluded from this formulary. If you choose to use an excluded drug product HometownRx may not reimburse for these drug products and may require you to pay 100% of the cost. Furthermore, if you choose to use a drug that is not on formulary or excluded, the cost, does not accumulate towards meeting your annual deductible or out-of-pocket maximums.

Certain classes of medication are not covered under your pharmacy benefit. These medication classes include: non-FDA approved drugs, over the counter (OTC) medications, drugs to treat impotency or sexual disorders, fertility agents, weight loss drugs, hemantinics, reusable needles, disposable syringes, ostomy supplies, infant formulas, dietary supplements, hypopigmentation agents, diagnostic agents, cosmetic medications, and compounded medications.

An ancillary charge may apply to brand medications when an equivalent generic is available. If a member or doctor, chooses a brand medication over the generic medication, the member may be responsible for their copay/coinsurance plus the cost difference between the brand medication and the generic medication (Ancillary charge). Ancillary charges do not accumulate towards meeting your annual deductible or out-of-pocket maximums.

The formulary applies only to outpatient drugs provided to members, and does not apply to medications used in inpatient settings.

What if my drug is not listed on the formulary?

If your doctor thinks you need to take a drug that is not on formulary, you can ask your doctor to prescribe a similar drug that is on formulary, or your doctor can call us at 1-844-373-0970, or submit a written request for prior authorization review via fax at 1-866-521-9916.

What if I have additional questions?

Please call HometownRx at 1-844-373-0970

ENHANCED FORMULARY

How do I use the formulary?

The formulary is organized by sections either by drug class or disease state and then by the name of the drug product in alphabetical order. All drug names and strengths listed are included on the formulary. Generic drugs are listed in all lowercase letters and the brand name drugs are listed in all UPPERCASE LETTERS.

For all products within the formulary, the tier level is listed using the following symbols in the table below. See your schedule of benefits for the cost sharing you will pay for a given tier.

LEGEND	
TIER	DESCRIPTION
1	Generic Drugs
2	Preferred Brand Drugs
3	Non-Preferred Brand or Generic Drugs
4	Specialty Pharmaceutical Drugs

For certain products on the formulary, a limit or restriction may apply. The table below tells you what each limit or restriction abbreviation means on the drug list.

TYPE		DESCRIPTION
QL	Quantity Limit	There is a limit on the amount of this drug that is covered per prescription, or within a specific time frame.
PA	Prior Authorization	You (or your physician) are required to get prior authorization before you fill your prescription for this drug. Without prior approval, we may not cover this drug.
ST	Step Therapy	In some cases, you may be required to first try certain drugs to treat your medical condition before we will cover another drug for that condition.
AL1	Age Limit	This prescription drug may only be covered if you meet the minimum or maximum age limit.
MFL	Max Fill Limit	There is a limit on the number of times this drug can be refilled.
MDS1	Max Days Supply	There is a limit on the amount of this drug that is covered.
